GOLF FOR A GOOD CAUSE

ABOUT NIEMANN-PICK TYPE C DISEASE

Niemann-Pick Type C (NPC) disease is a fatal, rare, and progressive condition that deeply impacts the lives of those diagnosed, often at a young age.

For families living with NPC, the diagnosis brings uncertainty and heartbreak as it affects not only the body but also the mind. The disease causes a build-up of fats in organs, including the brain, liver, and spleen, leading to a slow but relentless loss of motor skills, cognitive abilities, and independence. As the disease progresses, it can bring about profound challenges, with families experiencing the pain of watching a loved one struggle with daily activities.

Photo of Renee with her children, all diagnosed with NP-C disease. Hudson (10yo), Holly (8yo) and Austin (5yo). Photo used with permission.

Sadly, there is no cure, and treatment options in Australia are limited. Your support through the Charity Golf Day will make a meaningful difference in the lives of individuals and families affected by NPC, helping to fund research, advocacy, and vital support services as we work towards a better future for those living with this devastating disease.

ABOUT THE EVENT

The Charity Golf Day offers a great opportunity to enjoy a 9-hole round of golf while supporting those affected by Niemann–Pick Disease Type C (NPC). Hosted at the beautiful Mt Derrimut Golf & Community Club, this event is open to golfers of all skill levels, making it a fun and inclusive experience for everyone. Participants will start the day with a delicious breakfast, including barista coffee, followed by a tasty lunch.

The event will also feature a raffle with exciting prizes, along with presentations that highlight the ongoing work to support those living with NPC. The day will conclude by 1 PM, providing a rewarding experience in a relaxed atmosphere. By joining us, you'll be helping to fund vital research, advocacy, and support services for families impacted by NPC, bringing hope to those facing the challenges of this rare disease.

BENEFITS FOR SPONSORS

- Support the important work that the Australian NPC Disease Foundation does for families.
- Present your business to a captive audience
- Choose the sponsorship tier that best suits your needs
- Connect with golfers and other businesses
- Access to images and video footage from the day to promote your support
